3D is my focus 🤩(Three.js)
🌟3D configurator
🌟Augmented reality
🌟Digital Twins
🌟BIM Software development
I'm developing different websites using JavaScript and three.js for 3d purposes.
I can create 3dconfigurator for different products for online shopping 👗
👜👖🥾🎒👕💻💍💎

I can work with Three.js combination with That open(ifc.js) to create BIM software on web platform like loading .ifc files from Revit software and other options.🏢
And I can use webxr and modelviewer and mindar to create web based Augmented reality.
I know c# And I use it in creating Rhino plug-in.
